

Name: _____

Visual Evidence: *Photo Analysis Guidelines*

Step 1:

Look at the picture for 10 seconds. How would you describe the image?

Step 2:

Divide the picture into quadrants (quarters) and study each section individually. What details - like people, objects, and activities - do you see?

Step 3:

What other information -- like time period, location, season, reason the photo was taken-- can you gather from the photo?

Step 4:

What would you change about your first description of the photo using the information learned in Steps 2 and 3?

Step 5:

What questions do you have about the photograph? How might you find answers to these questions?
